

LESS THAN FOUR THOUSAND LEAD

President Taft Proves Victorious in Massachusetts.

REFUSE TO DESERT COLONEL

Delegates at Large Are Roosevelt Men and Assert They Will Not Accept Colonel's Decision That Their Votes Should Be Cast for Taft—Party Leaders Say Situation Is Without Parallel.

Boston, May 2.—The refusal of the Republican delegates at large to accept Colonel Roosevelt's decision that they should vote for President Taft at the Chicago convention, although elected as Roosevelt delegates, has further complicated the situation arising from the state primaries. The situation is acknowledged by party leaders of both sides to be without parallel in the political history of the commonwealth.

Although the Republicans of the state selected President Taft as their candidate for renomination by a majority of 3,655 over Colonel Roosevelt on the presidential preference ballot at the same time they elected by a decisive vote the entire slate for eight delegates at large pledged to the former president.

After two conferences the eight Roosevelt delegates at large decided not to take any joint action on the attitude adopted by Colonel Roosevelt in releasing them from obligation to vote for him, but to leave each delegate free to act as he sees fit. A statement issued by Matthew Hale, chairman of the Roosevelt committee, says:

Calls Meeting of Delegates.

"In view of the complicated political conditions following our state primary I decided to call a meeting of the eight delegates at large to discuss the situation. I had not then heard anything about the delegates at large. The delegates who assembled here, I believe, saw the newspaper accounts of the colonel's statement.

"With the knowledge on the part of each delegate that he had been fairly elected and squarely by a large majority for the Taft delegates it was the unanimous opinion they should stand together and vote for Roosevelt. Consequently a joint statement to this effect was signed by each delegate present.

"Later and after carefully considering the position so forcefully taken by Colonel Roosevelt the situation was again talked over with the delegates and they decided to take no joint action, but to rescind their agreement and leave each individual delegate free to determine for himself his responsibility to his constituents, and to act accordingly."

In his request to the delegates at large Colonel Roosevelt declared it to be his wish to abide by the will of the people and that therefore the delegates, though elected as pledged to him, should vote for Mr. Taft, who had received the presidential preference vote. One by one the delegates, as they were heard from, however, protested that under no circumstances would they cast their ballots other than they had been pledged.

Will Stand by Roosevelt.

Charles S. Baxter, who heads the delegation, said he had always been a Roosevelt man, was elected as a Roosevelt man and expected to continue a Roosevelt supporter. Arthur L. Nason and George W. Coleman declared they would "absolutely refuse to abide by any such request." James P. Maginis took the position that he had been elected as a Roosevelt delegate and he "could see no way of evading the direction" the remaining delegates expressed themselves similarly. Colonel Roosevelt secured ten more delegates in the district elections and President Taft carried nine districts, so that Taft and Roosevelt each has eighteen delegates from the state to the national convention.

A somewhat similar situation was created on the Democratic ballot. Speaker Champ Clark, who had no pledged delegates on the ticket, won a two to one victory over Governor Wilson. At the same time delegates at large pledged to Governor Foss of Massachusetts convention, though the name of Governor Foss did not appear in the presidential preference column. Roosevelt followers have announced their intention of asking a recount in the Eighth district, while the Taft men will do likewise in the Ninth on account of the closeness of the vote.

The total preferential vote for the three Republican candidates, with returns from the town of Gosnell still missing, was as follows: La Follette 1,756; Roosevelt 71,153; Taft, 74,808.

SERIOUS FLOOD IN LOUISIANA

Torras Levee Breaks and Rich Lands Are Under Water.

NO LOSS OF LIFE OCCURS

Three Hundred Feet of Embankment on Mississippi River Goes Out and Unless Crevasse Can Be Speedily Filled Inestimable Damage to Property Will Result.

New Orleans, May 2.—Another serious break occurred in the Mississippi river levees at Torras, La., on the west side of the swollen stream. Within two hours 300 feet of the ten-foot embankment had been carried away. No lives are reported lost.

Unless the Torras crevasse can be closed, which appeared doubtful, inestimable damage will be added to the already large tolls in property destruction. A permanent crevasse at Torras means the inundation of the sugar cane lands along the bank for a distance of perhaps sixty miles.

The territory which lies in the path of the Torras crevasse is far richer and more densely populated than the several millions of acres already inundated.

While the Torras break will give some relief from the enormous pressure against the levees south of that point the flood waters are from half a foot to two feet above the previous high record marks from Baton Rouge south and other crevasses are imminent.

At Baton Rouge the gauge registered 42.1, a foot and half above the 1903 record, and at New Orleans the gauge registered 20.90 feet, a half foot above the record stage.

Reports from Northeast Louisiana added several thousand victims to the homeless list. Several hundred more in West Feliciana parish were reported in need of supplies and from the Atchafalaya territory reports were received of still other hundreds who have been driven from their homes.

It is estimated the United States government is now furnishing rations for 120,000 homeless persons in Louisiana and Mississippi and the prospects are that this number will be increased by 50,000 within another week.

TO CARE FOR THE REFUGEES

Torras Flood Victims Will Go to Baton Rouge.

Baton Rouge, La., May 2.—Preparations for caring for the hundreds of persons who will be made homeless by the Torras levee break were put under way rapidly here. This city has been designated as the concentration point for all refugees from the district south of the break.

Captain Logan, U. S. A., dispatched two boatloads of provisions to Torras and other boats are rushing there from other river points to take off marooned inhabitants and live stock.

Cairo District Under Water.

Cairo, Ill., May 2.—The drainage district, north of Cairo, is again under six feet of water and it is now predicted that at least two feet more will pour into the territory before the water recedes. The river marks 47.4 feet and is rising.

THAW SEEKING JURY TRIAL

Jerome to Resist Efforts of Slayers' Counsel.

White Plains, N. Y., May 2.—Supreme Court Justice Keogh will head arguments here on the order to show cause why Harry K. Thaw, slayer of Stanford White, should not be granted a jury trial in his coming efforts to establish his sanity and thereby obtain his release from the state asylum for the criminal insane at Matteawan.

The case will come up here instead of in the chambers in New Rochelle, as originally planned, at the request of the justice.

William Travers Jerome, who has been retained by Attorney General Carmody to assist the state in preventing Thaw's release, was busy all day preparing his arguments against a trial by jury. He will hold that this is essentially a case for the court, in that the testimony will be of highly technical and intricate nature, and should be taken under advisement by a single judicial mind.

PERSISTENT GOSSIP OF THIRD CANDIDATE

Effect of the Primary Results in Massachusetts.

Washington, May 2.—More persistent talk of a third candidate for the Republican presidential nomination was heard in Washington than at any time since the campaign opened. This was one of the immediate effects of the result in Massachusetts where President Taft and Colonel Roosevelt fought to a virtual draw, although the colonel voluntarily relinquished most of the substantial fruits of his victory.

This third man talk comes from influential Republicans who, while classed as regulars and supporters of President Taft, have not been aggressively active in the campaign and who have come to the conclusion that the Taft-Roosevelt contest has reached a point where it would be unwise to nominate either. None of it comes from Roosevelt sources, but it has attained such volume that it can no longer be overlooked.

Justice Hughes, former Vice President Fairbanks, Secretary Knox, Senator Borah and Governor Hadley of Missouri are mentioned as possibilities.

DOES JUSTICE TO THE JAPS

President Says No Land Purchase Expects in Mexico.

Washington, May 2.—President Taft informed the senate that the department of state has no evidence whatever to show any acquisition of land or any intention or desire to acquire land, whether directly or indirectly, in Mexico, by or for the Japanese government. The president's message was in response to a senate resolution calling for information regarding an alleged purchase of land at Magdalena Bay by the Japanese government or by a Japanese company.

With his brief message the president transmitted a full report from Secretary of State Knox.

Mr. Knox said that the Japanese ambassador had informed the department that he had apprised his government of the rumors and made, with his government's authorization, an unreserved denial of the rumored purchase.

HILLS MAY MINE IRON ORE

Expect to Do Business on Minnesota Range Before Long.

Hibbing, Minn., May 2.—President Louis W. Hill of the Great Northern, D. M. Philbin, superintendent of the Great Northern ore properties, and A. M. Chisholm of Duluth are on a tour of the range and are looking over the Great Northern ore properties. "We expect to be in the mining business on the range ourselves before long," Mr. Hill said. This is interpreted as meaning that with the cancellation of the lease on Hill mines with the steel corporation next year the Great Northern will go into the ore handling and ore marketing business.

THE BRISTOW AMENDMENT

Stumbling Block in the Way of Direct Election of Senators.

SENATE REFUSED TO RECALL IT

Evident That It Will Not Be Eliminated So Long as the Republicans Are in Control—Williams Came Near Having Immigration Bill Amended So as to Exclude Negroes.

By ARTHUR W. DUNN.

Washington, May 2.—[Special.]—Again the senate has demonstrated that there is only one political division line in this country—Mason and Dixon's. By a strict party vote, with the exception of Borah of Idaho, the senate refused to recall what is known as the Bristow amendment to the resolution for the election of senators by direct vote of the people. Most people have forgotten that the United States government shall retain control of the election of senators as it has at present and as it has over the election of members of the house. The Democrats voted solidly against that proposition, thus showing the old party division. It is evident that as long as the Republicans retain control of the senate they will not consent to eliminate the Bristow amendment.

House Must Recede.

It is evident that if there is to be any change in the constitution as proposed that the house will have to give up its contention and accept the Bristow amendment. If senators are to be elected by direct vote it must be simply that change and nothing more. The fact is that there is very strong opposition to election of senators by direct vote. If there could be a secret vote on the proposition it would be defeated in the senate. Men on both sides have raised this old state rights bugaboo in order to cloud the question and defeat the amendment.

Another Curious Issue.

When the immigration bill was passed John Sharp Williams of Mississippi tried to have an amendment adopted providing for the exclusion of negroes as well as Chinese. It almost carried, but, strange to say, it was defeated with aid of northern Democratic votes. Men from Indiana, Ohio and Maine voted with the Republicans against the Williams amendment. Quite a number of Republicans voted for it, but it was defeated by a very narrow margin. It would have been interesting to see what would have been the result if all senators had been present. Only a little more than half of them voted on the question.

Genuine Socialist From Germany.

A member of the German reichstag came to Washington, and the house took a recess for five minutes so that he might talk to the members. "He is one of 110 Socialist members of the German parliament," explained Victor Berger, the Socialist of Wisconsin, "and you will have an opportunity to hear a genuine Socialist from Germany."

"We have that opportunity frequently now," dryly observed Jim Mann. And Berger enjoyed the laugh as much as the others.

Plain Talk.

Congressman Akin does not talk very often in the house, but what he has to say generally proves interesting. "Bunk" is what he calls the literature and documents sent out by congressmen to their constituents. He said it on the floor of the house too.

Akin has it in for the express companies. Replying to a question when he was talking about parcels post, he said: "If I had my way it would not take me long to take my ram's horn and go down and blow their places out of business, and there would be a few blankety blanks along with it. Why, yes; I would do almost anything to those fellows. I would get at them out of business if I had the opportunity."

"Do you want a limited parcels post?" asked Fowler of Illinois. "Oh, no," replied Akin. "I do not give me any more lemons. I have had lemons enough."

Wants More Coins.

Congressman Bulkley of Ohio has introduced a bill providing for coins of three cents and one-half cent. He no doubt wants these coins issued, but it may be that he wants to give the committee on coinage, weights and measures something to do. This was a very important committee in the silver days, but it has had little to do since those times.

Bailey's Nationality.

Senator Bailey of Texas was at first inclined to support the general arbitration treaties, but later became quite active in his opposition to them. "Joe," said John Sharp Williams, who favored the treaties, "the trouble with you is that you think you are Irish. Now, you are not a bit Irish. Your name implies that your people belong to those Normans who conquered England and afterward went over and oppressed Ireland to a greater extent than any other race that ever lived. The name 'Bailey' comes from 'baillif,' which was synonymous with oppression in those early days."

OSCAR W. UNDERWOOD.

Georgia's Choice for the Democratic Nomination.

UNDERWOOD GETS GEORGIA

Defeats Wilson for Delegates to the Baltimore Convention.

Atlanta, Ga., May 2.—Oscar Underwood of Alabama is Georgia's choice for the Democratic nomination for president, as expressed in the presidential preference primary in this state. Practically complete but unofficial returns indicated that he carried 100 of the 146 counties in the state and that his majority over Woodrow Wilson will be between 7,000 and 8,000.

The names of Champ Clark and Judson Harmon also appeared on the ballot, but they received a comparatively small vote.

Underwood's majority means that he will have Georgia's twenty-eight delegates to the national convention.

BELIEVE BRYAN IS SECRET CANDIDATE

Some Democratic Politicians Becoming Suspicious.

Washington, May 2.—National Democratic politicians are discussing an incident which they think indicates all too clearly that William J. Bryan is secretly planning to have himself nominated for president at the Baltimore convention. For a long time the Wilson men and the Clark men have said that Bryan wants the nomination himself.

As an example of his planning they referred to the fact that he was for Wilson in one state and for Clark in another, always for the man who stood least show for the nomination. He was for Clark in Nebraska and for Wilson in Florida.

At the meeting of the subcommittee of the Democratic national committee at Baltimore last Saturday, to arrange for the convention, National Committeeman Hall of Nebraska, Bryan's friend, submitted the name of Mr. Bryan for the temporary chairman of the convention.

The suggestion at once aroused curiosity and resentment.

GENERAL FUNERAL FRIDAY

Last Sad Rites at Halifax for Titanic's Dead.

Halifax, N. S., April 2.—The work of identifying the Titanic's unnamed dead is proving almost as difficult as their recovery from the Atlantic. The name of not a single passenger who perished has been added to the list of reclaimed.

Louis Hoffman, announced as identified, was found to have appeared previously in drafts of the identified, so that, with the exception of three members of the crew, the nameless are as much of an enigma as when brought to shore. Trinkets and belts give suggestions of the names of others, most of whom were of the ship's company.

As nearly all of the bodies for relatives came here have been turned over to them it seems likely that a majority of the 190 brought in by the Mackay-Bennett, many of them identified, will be buried in Halifax. It is planned to have a general funeral next Friday.

TO TEST THE LIABILITY LAW

Illinois Manufacturers Want Validity of Statute Established.

Chicago, May 2.—Members of the Illinois Manufacturers' association announced they would test the validity of the new state employers' liability law. Colin C. H. Pyffe, counsel for the association, has started plans to test the law which went into effect May 1.

"This organization is not in the position of fighting the law," said John M. Glenn, secretary of the association, "but we want to know definitely whether the law is constitutional before paying the additional rates scheduled by the casualty companies. The increase in rates runs from 100 to 800 per cent."

TEAR DOWN AND TRAMPLE FLAG

EXPLOSION ON OIL BARGE

Five Men Burned to Death and Much Damage Results.

Cleveland, May 2.—Five men were burned to death and damage estimated at \$450,000 was done to boats and gasoline on the docks when Standard Oil barge No. 88 exploded.

The barge was being filled with gasoline from a 10,000-gallon tank on the bank. Leaking oil on the surface of the river was ignited and set fire to the barge.

A terrific explosion followed. The men killed were caulking another barge alongside and were enveloped in the flames, which spread over the surface of the river. No one was on the barge when the oil exploded.

The burning oil set fire to four other boats and the tug Wisconsin was destroyed. The tug Annie, Martin and Pennsylvania, at dock opposite the burning barge, were severely damaged. All belonged to the Great Lakes Towing company. Another barge belonging to the Standard Oil company also was destroyed.

ROOSEVELT MEN IN CONTROL

Have Their Own Way in Pennsylvania Convention.

Harrisburg, Pa., May 2.—The Republican state convention, under the leadership of former State Senator William Flinn of Pittsburgh, wrested control of the party machinery from United States Senator Boies Penrose, who has led the regular organization in the state since the death of Matthew Stanley Quay; named twelve alternates, instructed to vote for Theodore Roosevelt for the Republican presidential nomination; nominated all the progressive candidates picked in caucus by the Roosevelt delegates; named a new state chairman, to succeed former Speaker Henry F. Walton and adopted a new set of rules for the governing of the party in the state. In fact, the Roosevelt faction made a clean sweep.

The convention placed in the field the following ticket:

Attorney General—State Senator A. W. Powell, Pittsburgh.

State Treasurer—Robert Young, Ticonderoga.

Congressmen at Large—F. T. Lewis, Allentown; J. M. Morin, Pittsburgh; A. R. Ruple, Carlisle; A. H. Walters, Johnstown.

TO FIGHT WHITE SLAVERS

Stanley W. Finch Appointed to Exterminate Vice.

Washington, May 2.—Attorney General Wickham appointed Stanley W. Finch, chief of the bureau of investigation of the department of justice, a special commissioner to suppress the white slave traffic.

Mr. Finch will begin a vigorous campaign in every state in the Union for the extermination of the vice. He will co-operate with societies and individuals interested to wipe out the traffic by a systematic and comprehensive plan of investigation and prosecution, and by placing agents in every state. About 600 special officers will be employed in this active campaign.

Fierce Fight at New York Socialist Meeting.

TROUBLE FOLLOWS PARADE

Responsibility for Tearing Down Stars and Stripes and Substituting Red Ensign Is Disclaimed by the Socialists, Who Assert Members of the Industrial Workers of the World Committed the Act.

New York, May 2.—The Stars and Stripes were torn down and trampled under foot and a red flag substituted during a fierce fight at a May day meeting of the Socialist party and affiliated unions in Union Square park. That a serious panic did not ensue is believed to have been due to the fact that thousands of persons in the outskirts of the crowd did not know what the trouble was.

Responsibility for the tearing down of the flag is disclaimed by the Socialists, who assert that members of the Industrial Workers of the World committed the act. The Socialist representatives on the platform appear to have done their best to protect the national colors.

The trouble started at the conclusion of a parade of 8,000 men and women who gathered in the park for speechmaking.

Red banners, the emblems of Socialism, already adorned the speakers' platform and the band was playing the "Marseillaise" when the Stars and Stripes were carried to the stand as the first speaker was about to be introduced. Instantly there was the wildest excitement.

"Take that dirty rag down," went up a cry from the crowd. But those upon the platform held their ground and some with cooler heads tried to quiet the tumult that had broken out.

Fight Their Way to Platform.

"We don't recognize that flag," cried a man in front as he tried to reach the platform. The cry was taken up by others, a number of whom fought their way to the platform.

Some of those on the platform tried to protect the flag and a fist fight resulted in which a lone policeman was the only officer who figured. His club knocked three men down. Several men were tossed bodily over the platform rail into the crowd. Bloody faces were numerous.

The big American flag was finally torn down and hurled to the ground. Miss Caroline Dexter, a member of the Socialist party, a tall, muscular woman, elbowed her way to where the fallen banner lay.

"Men like you should be shot," she cried as she gathered up the flag. She met no resistance and carried the flag home with her.

With nothing but red banners to decorate the platform the meeting proceeded, but the program as arranged by the Socialist party had to be given up and the speakers were mostly from the ranks of the Industrial Workers of the World.

Edward Cassidy and other officers of the Socialist party of New York, under whose auspices a big parade and the meeting was supposed to be held, said:

"The tearing down of the flag was not the fault of the Socialist party. It was done by men in the ranks of the Industrial Workers of the World. The Socialist party will in a few days officially repudiate this meeting."

WILL NOT HOLD J. B. ISMAY

Attorney in First Suit Says He Is Free to Leave.

New York, May 2.—J. Bruce Ismay and others whose testimony is desired in the first suit for damages brought by a Titanic survivor are free to sail for Europe at any time they care to, so far as concerns the litigation in question, it was announced by George S. Graham, counsel for Mrs. Louise Robins, widow of Colonel John Jacob Astor's valet, who lost his life in the disaster.

This statement set at rest reports that drastic legal measures might be taken to procure the evidence desired and followed announcement of the appointment of a commissioner to hear the testimony of Mr. Ismay and surviving officers of the Titanic in advance of filing of papers in the suit.

JACK JOHNSON COUGHS UP

Negro Champion Pays Government \$9,600 in Delayed Duty.

Chicago, May 2.—Jack Johnson, heavyweight champion, is convinced that there is no use trying to deceive Uncle Sam when a question of paying duty is involved. He visited the federal building and came out \$9,600 poorer than when he went in.

Johnson's wife is the possessor of a \$6,000 pearl necklace, on which revenue collectors were unable to find that any duty had ever been paid. They seized the necklace some time ago and told the pugilist he would have to pay the full value and the 60 per cent duty or face prosecution. After pleading for several weeks with government officials the champion concluded the best thing he could do was to pay the amount and he did.

LESS THAN FOUR THOUSAND LEAD

President Taft Proves Victorious in Massachusetts.

REFUSE TO DESERT COLONEL

Delegates at Large Are Roosevelt Men and Assert They Will Not Accept Colonel's Decision That Their Votes Should Be Cast for Taft—Party Leaders Say Situation Is Without Parallel.

Boston, May 2.—The refusal of the Republican delegates at large to accept Colonel Roosevelt's decision that they should vote for President Taft at the Chicago convention, although elected as Roosevelt delegates, has further complicated the situation arising from the state primaries. The situation is acknowledged by party leaders of both sides to be without parallel in the political history of the commonwealth.

Although the Republicans of the state selected President Taft as their candidate for renomination by a majority of 3,655 over Colonel Roosevelt on the presidential preference ballot at the same time they elected by a decisive vote the entire slate for eight delegates at large pledged to the former president.

After two conferences the eight Roosevelt delegates at large decided not to take any joint action on the attitude adopted by Colonel Roosevelt in releasing them from obligation to vote for him, but to leave each delegate free to act as he sees fit. A statement issued by Matthew Hale, chairman of the Roosevelt committee, says:

Calls Meeting of Delegates.

"In view of the complicated political conditions following our state primary I decided to call a meeting of the eight delegates at large to discuss the situation. I had not then heard anything about the delegates at large. The delegates who assembled here, I believe, saw the newspaper accounts of the colonel's statement.

"With the knowledge on the part of each delegate that he had been fairly elected and squarely by a large majority over the Taft delegates it was the unanimous opinion they should stand together and vote for Roosevelt. Consequently a joint statement to this effect was signed by each delegate present.

"Later and after carefully considering the position so forcefully taken by Colonel Roosevelt the situation was again talked over with the delegates and they decided to take no joint action, but to rescind their agreement and leave each individual delegate free to determine for himself his responsibility to his constituents, and to act accordingly."

In his request to the delegates at large Colonel Roosevelt declared it to be his wish to abide by the will of the people and that therefore the delegates, though elected as pledged to him, should vote for Mr. Taft, who had received the presidential preference vote. One by one the delegates, as they were heard from, however, protested that under no circumstances would they cast their ballots other than they had been pledged.

Will Stand by Roosevelt.

Charles S. Baxter, who heads the delegation, said he had always been a Roosevelt man, was elected as a Roosevelt man and expected to continue a Roosevelt supporter. Arthur L. Nason and George W. Coleman declared they would "absolutely refuse to abide by any such request." James P. Maginls took the position that he had been elected as a Roosevelt delegate and he "could see no way of evading the direction," the remaining delegates expressed themselves similarly.

Colonel Roosevelt secured ten more delegates in the district elections and President Taft carried nine districts, so that Taft and Roosevelt each has eighteen delegates from the state to the national convention.

A somewhat similar situation was created on the Democratic ballot. Speaker Champ Clark, who had no pledged delegates on the ticket, won a two to one victory over Governor Wilson in the presidential preference contest. At the same time delegates at large pledged to Governor Foss of Massachusetts were elected to attend the Baltimore convention, though the name of Governor Foss did not appear in the presidential preference column.

Roosevelt followers have announced their intention of asking a recount in the Eighth district, while the Taft men will do likewise in the Ninth on account of the closeness of the vote.

The total preferential vote for the three Republican candidates, with returns from the town of Goshold still missing, was as follows: La Follette 1,756; Roosevelt 71,153; Taft, 74,808.

SERIOUS FLOOD IN LOUISIANA

Torras Levee Breaks and Rich Lands Are Under Water.

NO LOSS OF LIFE OCCURS

Three Hundred Feet of Embankment on Mississippi River Goes Out and Unless Crevasse Can Be Speedily Filled Inestimable Damage to Property Will Result.

New Orleans, May 2.—Another serious break occurred in the Mississippi river levees at Torras, La., on the west side of the swollen stream. Within two hours 300 feet of the ten-foot embankment had been carried away. No lives are reported lost.

Unless the Torras crevasse can be closed, which appeared doubtful, inestimable damage will be added to the already large tolls in property destruction. A permanent crevasse at Torras means the inundation of the sugar cane lands along the bank for a distance of perhaps sixty miles.

The territory which lies in the path of the Torras crevasse is far richer and more densely populated than the several millions of acres already inundated.

While the Torras break will give some relief from the enormous pressure against the levees south of that point the flood waters are from half a foot to two feet above the previous high record marks from Baton Rouge south and other crevasses are imminent.

At Baton Rouge the gauge registered 42.1, a foot and half above the 1903 record, and at New Orleans the gauge registered 20.90 feet, a half foot above the record stage.

Reports from Northeast Louisiana added several thousand victims to the homeless list. Several hundred more in West Feliciana parish were reported in need of supplies and from the Atchafalaya territory reports were received of still other hundreds who have been driven from their homes.

It is estimated the United States government is now furnishing rations for 120,000 homeless persons in Louisiana and Mississippi and the prospects are that this number will be increased by 50,000 within another week.

TO CARE FOR THE REFUGEES

Torras Flood Victims Will Go to Baton Rouge.

Baton Rouge, La., May 2.—Preparations for caring for the hundreds of persons who will be made homeless by the Torras levee break were put under way rapidly here. This city has been designated as the concentration point for all refugees from the district south of the new break.

Captain Logan, U. S. A., dispatched two boatloads of provisions to Torras and other boats are rushing there from other river points to take off marooned inhabitants and live stock.

Cairo District Under Water.

Cairo, Ill., May 2.—The drainage district, north of Cairo, is again under six feet of water and it is now predicted that at least two feet more will pour into the territory before the water recedes. The river marks 47.4 feet and is rising.

Statehood for Philippines.

Washington, May 2.—Representative Morse of Wisconsin announced in the house that he would attempt to amend the Philippine independence bill to provide statehood for the islands. His announcement was made during debate on the Jones' bill to put the friar lands on the same basis as the public domain and restrict their sale.

WILLIAM T. JEROME.

Will Resist Thaw's Efforts to Secure a Trial by Jury.

© 1910, by American Press Association.

THAW SEEKING JURY TRIAL

Jerome to Resist Efforts of Slayer's Counsel.

White Plains, N. Y., May 2.—Supreme Court Justice Keogh will head arguments here on the order to show cause why Harry K. Thaw, slayer of Stanford White, should not be granted a jury trial in his coming efforts to establish his sanity and thereby obtain his release from the state asylum for the criminal insane at Matteawan.

The case will come up here instead of in the chambers in New Rochelle, as originally planned, at the request of the justice.

William Travers Jerome, who has been retained by Attorney General Carmody to assist the state in preventing Thaw's release, was busy all day preparing his arguments against a trial by jury. He will hold that this is essentially a case for the court, in that the testimony will be of highly technical and intricate nature, and should be taken under advisement by a single judicial mind.

PERSISTENT GOSSIP OF THIRD CANDIDATE

Effect of the Primary Results in Massachusetts.

Washington, May 2.—More persistent talk of a third candidate for the Republican presidential nomination was heard in Washington than at any time since the campaign opened. This was one of the immediate effects of the result in Massachusetts where President Taft and Colonel Roosevelt fought to a virtual draw, although the colonel voluntarily relinquished most of the substantial fruits of his victory.

This third man talk comes from influential Republicans who, while classed as regulars and supporters of President Taft, have not been aggressively active in the campaign and who have come to the conclusion that the Taft-Roosevelt contest has reached a point where it would be unwise to nominate either. None of it comes from Roosevelt sources, but it has attained such volume that it can no longer be overlooked.

Justice Hughes, former Vice President Fairbanks, Secretary Knox, Senator Borah and Governor Hadley of Missouri are mentioned as possibilities.

DOES JUSTICE TO THE JAPS

President Says No Land Purchase Exists in Mexico.

Washington, May 2.—President Taft informed the senate that the department of state has no evidence whatever to show any acquisition of land or any intention or desire to acquire land, whether directly or indirectly, in Mexico, by or for the Japanese government. The president's message was in response to a senate resolution calling for information regarding an alleged purchase of land at Magdalena bay by the Japanese government or by a Japanese company.

With his brief message the president transmitted a full report from Secretary of State Knox.

Mr. Knox said that the Japanese ambassador had informed the department that he had apprised his government of the rumors and made, with his government's authorization, an unreserved denial of the rumored purchase.

HILLS MAY MINE IRON ORE

Expect to Do Business on Minnesota Range Before Long.

Hibbing, Minn., May 2.—President Louis W. Hill of the Great Northern, D. M. Philbin, superintendent of the Great Northern ore properties, and A. M. Chisholm of Duluth are on a tour of the range and are looking over the Great Northern ore properties.

"We expect to be in the mining business on the range ourselves before long," Mr. Hill said. This is interpreted as meaning that with the cancellation of the lease on Hill mines with the steel corporation next year the Great Northern will go into the ore handling and ore marketing business.

THE BRISTOW AMENDMENT

Stumbling Block In the Way of Direct Election of Senators.

SENATE REFUSED TO RECALL IT

Evident That It Will Not Be Eliminated So Long as the Republicans Are in Control—Williams Came Near Having Immigration Bill Amended So as to Exclude Negroes.

By ARTHUR W. DUNN.

Washington, May 2.—[Special.]—Again the senate has demonstrated that there is only one political division line in this country—Mason and Dixon's. By a strict party vote, with the exception of Borah of Idaho, the senate refused to recall what is known as the Bristow amendment to the resolution for the election of senators by direct vote of the people. Most people have forgotten that the Bristow amendment provides that the United States government shall retain control of the election of senators as it has at present and as it has over the election of members of the house. The Democrats voted solidly against that proposition, thus showing the old party division. It is evident that as long as the Republicans retain control of the senate they will not consent to eliminate the Bristow amendment.

House Must Recede.

It is evident that if there is to be any change in the constitution as proposed that the house will have to give up its contention and accept the Bristow amendment. If senators are to be elected by direct vote it must be simply that change and nothing more.

The fact is that there is very strong opposition to election of senators by direct vote. If there could be a secret vote on the proposition it would be defeated in the senate. Men on both sides have raised this old state rights bugaboo in order to cloud the question and defeat the amendment.

Another Curious Issue.

When the immigration bill was passed John Sharp Williams of Mississippi tried to have an amendment adopted providing for the exclusion of negroes as well as Chinese. It almost carried, but, strange to say, it was defeated with aid of northern Democratic votes. Men from Indiana, Ohio and Maine voted with the Republicans against the Williams amendment. Quite a number of Republicans voted for it, but it was defeated by a very narrow margin. It would have been interesting to see what would have been the result if all senators had been present. Only a little more than half of them voted on the question.

Genuine Socialist From Germany.

A member of the German reichstag came to Washington, and the house took a recess for five minutes so that he might talk to the members. "He is one of 110 Socialist members of the German parliament," explained Victor Berger, the Socialist of Wisconsin. "and you will have an opportunity to hear a genuine Socialist from Germany."

"We have that opportunity frequently now," dryly observed Jim Mann. And Berger enjoyed the laugh as much as the others.

Plain Talk.

Congressman Akin does not talk very often in the house, but what he has to say generally proves interesting. "Bunk" is what he calls the literature and documents sent out by congressmen to their constituents. He said it on the floor of the house too.

Akin has it in for the express companies. Replying to a question when he was talking about parcels sent to the express companies, he said: "If I had my way it would not take me long to take my ram's horn and go down and blow their places out of business, and there would be a few blankety blanks along with it. Why, yes; I would do almost anything to those fellows. I would get at them with a meat ax. I would put them out of business if I had the opportunity."

"Do you want a limited parcels post?" asked Fowler of Illinois.

"Oh, no," replied Akin. "Do not give me any more lemons. I have had lemons enough."

Wants More Coins.

Congressman Bulkley of Ohio has introduced a bill providing for coins of three cents and one-half cent. He no doubt wants these coins issued, but it may be that he wants to give the committee on coinage, weights and measures something to do. This was a very important committee in the silver days, but it has had little to do since those times.

Bailey's Nationality.

Senator Bailey of Texas was at first inclined to support the general arbitration treaties, but later became quite active in his opposition to them.

"Joe," said John Sharp Williams, who favored the treaties, "the trouble with you is that you think you are Irish. Now, you are not a bit Irish. Your name implies that your people belong to those Normans who conquered England and afterward went over and oppressed Ireland to a greater extent than any other race that ever lived. The name 'Bailey' comes from 'baillif,' which was synonymous with oppression in those early days."

OSCAR W. UNDERWOOD.

Georgia's Choice for the Democratic Nomination.

UNDERWOOD GETS GEORGIA

Defeats Wilson for Delegates to the Baltimore Convention.

Atlanta, Ga., May 2.—Oscar Underwood of Alabama is Georgia's choice for the Democratic nomination for president, as expressed in the presidential preference primary in this state. Practically complete but unofficial returns indicated that he carried 100 of the 146 counties in the state and that his majority over Woodrow Wilson will be between 7,000 and 8,000.

The names of Champ Clark and Judson Harmon also appeared on the ballot, but they received a comparatively small vote.

Underwood's majority means that he will have Georgia's twenty-eight delegates to the national convention.

BELIEVE BRYAN IS SECRET CANDIDATE

Some Democratic Politicians Becoming Suspicious.

Washington, May 2.—National Democratic politicians are discussing an incident which they think indicates all too clearly that William J. Bryan is secretly planning to have himself nominated for president at the Baltimore convention. For a long time the Wilson men and the Clark men have said that Bryan wants the nomination himself.

As an example of his planning they referred to the fact that he was for Wilson in one state and for Clark in another, always for the man who stood least show for the nomination. He was for Clark in Nebraska and for Wilson in Florida.

At the meeting of the subcommittee of the Democratic national committee at Baltimore last Saturday, to arrange for the convention, National Committeeman Hall of Nebraska, Bryan's friend, submitted the name of Mr. Bryan for the temporary chairman of the convention.

The suggestion at once aroused curiosity and resentment.

GENERAL FUNERAL FRIDAY

Last Sad Rites at Halifax for Titanic's Dead.

Halifax, N. S., April 2.—The work of identifying the Titanic's unnamed dead is proving almost as difficult as their recovery from the Atlantic. The name of not a single passenger who perished has been added to the list of reclaimed.

Louis Hoffman, announced as identified, was found to have appeared previously in drafts of the identified, so that, with the exception of three members of the crew, the nameless are as much of an enigma as when brought to shore. Trinkets and belts give suggestions of the names of others, most of whom were of the ship's company.

As nearly all of the bodies for which relatives came here have been turned over to them it seems likely that a majority of the 190 brought in by the Mackay-Bennett, many of them identified, will be buried in Halifax. It is planned to have a general funeral next Friday.

TO TEST THE LIABILITY LAW

Illinois Manufacturers Want Validity of Statute Established.

Chicago, May 2.—Members of the Illinois Manufacturers' association announced they would test the validity of the new state employers' liability law. Collin C. H. Fyfe, counsel for the association, has started plans to test the law which went into effect May 1.

"This organization is not in the position of fighting the law," said John M. Glenn, secretary of the association. "but we want to know definitely whether the law is constitutional before paying the additional rates scheduled by the casualty companies. The increase in rates runs from 100 to 800 per cent."

TEAR DOWN AND TRAMPLE FLAG

EXPLOSION ON OIL BARGE

Five Men Burned to Death and Much Damage Results.

Cleveland, May 2.—Five men were burned to death and damage estimated at \$450,000 was done to boats and gasoline on the docks when Standard Oil barge No. 88 exploded.

The barge was being filled with gasoline from a 10,000-gallon tank on the bank. Leaking oil on the surface of the river was ignited and set fire to the barge.

A terrific explosion followed. The men killed were caulking another barge alongside and were enveloped in the flames, which spread over the surface of the river. No one was on the barge when the oil exploded.

The burning oil set fire to four other boats and the tug Wisconsin was destroyed. The tug Annie, Martin and Pennsylvania, at dock opposite the burning barge, were severely damaged. All belonged to the Great Lakes Towing company. Another barge belonging to the Standard Oil company also was destroyed.

ROOSEVELT MEN IN CONTROL

Have Their Own Way in Pennsylvania Convention.

Harrisburg, Pa., May 2.—The Republican state convention, under the leadership of former State Senator William Flinn of Pittsburgh, wrested control of the party machinery from United States Senator Boies Penrose, who has led the regular organization in the state since the death of Matthew Stanley Quay; named twelve alternates, instructed to vote for Theodore Roosevelt for the Republican presidential nomination; nominated all the progressive candidates picked in caucus by the Roosevelt delegates; named a new state chairman, to succeed former Speaker Henry F. Walton and adopted a new set of rules for the governing of the party in the state. In fact, the Roosevelt faction made a clean sweep.

The convention placed in the field the following ticket:

Attorney General—State Senator A. W. Powell, Pittsburgh.

State Treasurer—Robert Young, Tioga county.

Congressmen at Large—F. T. Lewis, Allentown; J. M. Morin, Pittsburgh; A. R. Ruple, Carlisle; A. H. Walters, Johnstown.

TO FIGHT WHITE SLAVERS

Stanley W. Finch Appointed to Exterminate Vice.

Washington, May 2.—Attorney General Wickersham appointed Stanley W. Finch, chief of the bureau of investigation of the department of justice, a special commissioner to suppress the white slave traffic.

Mr. Finch will begin a vigorous campaign in every state in the Union for the extermination of the vice. He will co-operate with societies and individuals interested to wipe out the traffic by a systematic and comprehensive plan of investigation and prosecution, and by placing agents in every state. About 600 special officers will be employed in this active campaign.

Girl Confesses to Robbery.

Chicago, May 2.—Mary Reynolds, a ticket agent employed by the Illinois Central railroad, who told the police a story of being held up and robbed of \$150 by two men in the station, has confessed that she had concocted the story of the robbery and had given the money to her sweetheart.

Fierce Fight at New York Socialist Meeting.

TROUBLE FOLLOWS PARADE

Responsibility for Tearing Down Stars and Stripes and Substituting Red Ensign Is Disclaimed by the Socialists, Who Assert Members of the Industrial Workers of the World Committed the Act.

New York, May 2.—The Stars and Stripes were torn down and trampled under foot and a red flag substituted during a fierce fight at a May day meeting of the Socialist party and affiliated unions in Union Square park. That a serious panic did not ensue is believed to have been due to the fact that thousands of persons in the outskirts of the crowd did not know what the trouble was.

Responsibility for the tearing down of the flag is disclaimed by the Socialists, who assert that members of the Industrial Workers of the World committed the act. The Socialist representatives on the platform appear to have done their best to protect the national colors.

The trouble started at the conclusion of a parade of 8,000 men and women who gathered in the park for speechmaking.

Red banners, the emblems of Socialism, already adorned the speakers' platform and the band was playing the "Marseillaise" when the Stars and Stripes were carried to the stand as the first speaker was about to be introduced. Instantly there was the wildest excitement.

"Take that dirty rag down," went up a cry from the crowd. But those upon the platform held their ground and some with cooler heads tried to quiet the tumult that had broken out.

Fight Their Way to Platform.

"We don't recognize that flag," cried a man in front as he tried to reach the platform. The cry was taken up by others, a number of whom fought their way to the platform.

Some of those on the platform tried to protect the flag and a fist fight resulted in which a lone policeman was the only officer who figured. His club knocked three men down. Several men were tossed bodily over the platform rail into the crowd. Bloody faces were numerous.

The big American flag was finally torn down and hurled to the ground. Miss Caroline Dexter, a member of the Socialist party, a tall, muscular woman, elbowed her way to where the fallen banner lay.

"Men like you should be shot," she cried as she gathered up the flag. She met no resistance and carried the flag home with her.

With nothing but red banners to decorate the platform the meeting proceeded, but the program as arranged by the Socialist party had to be given up and the speakers were mostly from the ranks of the Industrial Workers of the World.

Edward Cassidy and other officers of the Socialist party of New York, under whose auspices a big parade and the meeting was supposed to be held, said:

"The tearing down of the flag was not the fault of the Socialist party. It was done by men in the ranks of the Industrial Workers of the World. The Socialist party will in a few days officially repudiate this meeting."

William Coe, the pillager wet goods man, was in the city today. In a conversation Mr. Coe said: "I was more than surprised when I looked at the Dispatch the other evening and saw that they had called my friend, Geo. Weaver, agent of Gund Brewing Co., to the stand to testify about water and light matters. But it didn't seem to take long to pump George dry on what he knew about water."

The high school baseball team of Little Falls is to meet the Brainerd nine in Little Falls Saturday. The game was to have been played last Saturday, but was postponed because of the weather. On Friday, May 10, the Little Falls team will go to Sauk Center and if possible a game will be scheduled by them with Alexandria for Saturday, May 11. On Friday, May 17, a return game will be played at Brainerd and if possible a game will be played with Walker or some other northern town on the same trip of the down river nine.

The petitioners in the water and light board examination have eventually closed the presentation of their testimony. Wednesday evening Hugo Schwartzkopf, J. N. Biever, L. W.

Sherlund, Wm. Nelson, W. W. Barren, C. A. Neal, Policeman Peterson and Lawrence Koering were examined. No evidence of a very startling nature was brought out. On motion it was agreed that a special meeting should be called by the chair and its date announced at some regular meeting of the council. A transcript of the voluminous amount of testimony will be made and filed with the council and the defense will have its inning.

SENATE ASSIGNS JOBS.

Lea of Tennessee Goes on Military and Postal Committees.

Senator Lea of Tennessee has been assigned to the places on the senate committees on military and postoffice and post roads, formerly held by the late Senator Taylor. He has retired from the committee on naval affairs, and Senator Watson of West Virginia has been assigned to membership on that committee.

Senator Ashurst of Arizona has been given places on the committees on public buildings and grounds, pensions, Indian affairs, industrial expositions, conservation of national resources and protection of game. Senator Smith of Arizona goes on the committees on public lands, District of Columbia, irrigation, geological survey and railroads.

To Tune Up Army Bands.

A board has been appointed to consider methods for increasing the efficiency of army bands and to report upon establishing a training school for bandmasters. It consists of Colonel Stephen C. Mills, inspector general and Captain John F. Madden and Charles H. Paine of the Twenty-ninth infantry. The board will consult with Frank Damrosch and other prominent musicians.

PURCHASES ORE CARS FOR CUYUNA

Northern Pacific Buys Some Wooden Ones From the Duluth, Missabe & Northern

MOST OF THEM LOADED HERE

Reported That the Northern Pacific Will Handle 25,000 Tons From Vicinity of Brainerd

A special dispatch to the Duluth Herald from Hibbing states that four representatives of the Northern Pacific railroad spent several hours at Mitchell looking over the wooden ore cars offered for sale by the Duluth, Missabe & Northern railway.

Negotiations were conducted for the purchase of less than 100. The Missabe road is offering about 1,100 cars for sale and is replacing all its wooden cars with new steel cars of the latest and best model.

The cars bought by the Northern Pacific go to the Cuyuna range, where they will be used in the transportation of ore over the Northern Pacific to the head of the lakes. Most of them will be loaded at Brainerd.

It is announced that the Northern Pacific will this year handle about 25,000 tons of ore from the Cuyuna, most of which will be loaded in the vicinity of Brainerd, while the Soo Line will handle about 250,000 tons, the bulk of which will be loaded at Crosby and Ironton.

OPENING GAME OF SEASON

Crosby Plays Brainerd Here on Sunday—Umpires Assigned for the Game

As Crosby has taken over all the dates of Staples, the first game of the season of the Central Minnesota Baseball association in Brainerd will be played this Sunday afternoon, May 5, at the Koering grounds. Crosby has not had much chance to form its team, but it will do the best it can in the playing line.

Umpires have been selected for the three games to be played by the association Sunday. At the St. Cloud-Benton County game in St. Cloud, Empire Roderick, of Brainerd, will officiate. At the Little Falls-Royalton game to be played at Little Falls, Empire George Bouton, of St. Cloud, will officiate. Getchell, of Little Falls, will be the umpire in Brainerd at the Brainerd-Crosby game.

As will be noticed an umpire never works in a game in which his home town is to bat. Crosby has selected Art Lovdahl, a brother of the druggist, as scorekeeper.

N. P. AND M. & I. FARM SPECIAL

N. P. and M. & I. Co-operating With State Agricultural College, Will Run Special Train

WILL VISIT BRAINERD ON TOUR

Experts From Farm College Will Give Lectures and Farm Problems Will be Discussed

The Northern Pacific and Minnesota & International railway companies in co-operation with the State Agricultural college, will run an agricultural special on the Lake Superior division from Duluth to Staples beginning Monday, May 27. Stops will be made at various points along the line and it is expected an afternoon will be spent in Brainerd.

From Brainerd the train goes to Little Falls and thence back to Brainerd. From this town the train goes north on the Minnesota & International railway to International Falls. The trip will occupy two weeks.

Several experts from the farm college will give lectures and farm problems will be discussed. Dairy cows, pigs and poultry, showing breeds adapted to different uses, will be carried and demonstrations will be given at each station. Dairy utensils, tools for barn, garden and field, farm machinery, barn and poultry devices and samples of seed also will be exhibited.

Farmers' wives and boys and girls especially are urged to visit the train. The train will make stops at the more important stations of from one and one-half to four hours each. The train will be made up of cars of live stock, baggage cars for farm machinery, passenger coaches for lectures and a business car.

W. H. Gemmell, the general manager of the Minnesota & International railway who is much interested in the success of this joint agricultural special to be run on the Northern Pacific and Minnesota & International roads, accompanied D. D. Tenney and D. E. Willard to Kelliher last Saturday and some time was spent in looking over the soil of Kelliher and its vicinity. Professor Willard is the soil expert of the Northern Pacific railway. He expressed himself as being gratified at the large number of farms which have been made out of the cut-over lands, since his last visit.

It will be the endeavor of those in charge of the train to show the farmers that it is to their advantage to use good seed even though it cost more primarily. All interested in good farming are cordially invited to visit the train and hear the lectures. The complete running schedule of the farm special will be given later.

Money to Loan

The Northwestern Building Association of Fergus Falls loans money on real estate in the towns and villages of Crow Wing county. If you want to buy, build or take up the mortgage now on your property write for information. 273tf

MUSIC AND DRAMA

There was a well pleased audience at the New Theatre last evening when that familiar story of E. P. Roe's entitled "Barriers Burned Away," with the great Chicago fire as the foundation for the story. The story is well known to practically all readers of fiction, and the dramatist left out none of the essential points in the construction of the play. The cast was an exceptionally good one. In fact there was not a poor character in the entire company. The attention of the audience was held from start to finish. The play is admirably staged with special scenery and the Theatre goes of any town which the company may visit will make a mistake if they do not witness the performance.—Sioux Falls (South Dakota) Daily Argus-Leader, Feb. 19th, 1912.

The same company will appear at the Brainerd opera house Sunday, May 5th.

Lulu Glaser's Pacific Coast Tour

"Miss Dudesack," the new Viennese operetta in which Lulu Glaser comes to the Brainerd opera house, Friday, May 10, is said to be replete with tuneful music of the kind that has made those other Viennese operas, "The Merry Widow" and "The Chocolate Soldier" and "The Spring Maid" famous. A few of the song hits that are likely to be whistled and hummed all over town are: "Oh You, You Darling," "Ride Red Captain, Ride," "Pluck Not the Rose," "We Are the Macks" and "They Call Me Dudesack." Miss Glaser is surrounded by a company of twenty principals, a chorus of trained voices and a special orchestra. Important roles are in the hands of Thomas Richards, Arthur Hyde, Posetta Nier, Berenice Whittier and others. This will be the first time Miss Glaser has visited the coast in six seasons.

Helps a Judge in Bad Fix
Justice Eli Cherry, of Gillis Mills, Tenn., was plainly worried. A bad sore on his leg had baffled several doctors and long resisted remedies. "I thought it was a cancer," he wrote "At last I used Bucklen's Arnica Salve and was completely cured." Cures burns, ulcers, cuts, bruises and pills. 25 cents at all druggists. tts

Master Workman of A. O. U. W. Lodge Congratulates Nurse on Her Successful Work

That the work of Miss Edith Bohike, the visiting nurse, meets with favor in all parts of the city and is endorsed by all classes of people is further evidenced by the letter following:

Brainerd, Minn., April 26, 1912.
Miss Edith Bohike,
Visiting Nurse,
Brainerd, Minn.

Dear Madam:

The work you have been doing in our city for some time past in caring for the sick and helping to take care of the poor, being brought to our attention, this lodge appreciating your good services and being interested in charitable work, voted at our last regular meeting to donate a small amount to help in furthering this good cause.

On behalf of the A. O. U. W. lodge, I take pleasure in enclosing an order for \$15 which I hope will help you in caring for the suffering and poor in our community.

Wishing you much success in your great work, I remain
Yours respectfully,
A. J. ELLISON,
Master Workman.

SCHOOL ELECTION AT DEERWOOD

Plan For an Independent District Fails to Carry at Monday's Election

85 VOTES FOR AND 132 AGAINST

Auto Owners of the District to Form a Club to Improve the Near By Roads

Deerwood, Minn., May 2.—The plans to form an independent school district of the common school district at Deerwood failed of passage at the Monday night election, being defeated by a vote of 132 to 85. Other issues were injected into the controversy. Many women voted for some time the results were in doubt. Early in the contest it looked as though the independent school district idea would be carried by a large majority.

A meeting of the auto owners of Deerwood and its vicinity will be held in the near future at Dr. R. J. Sewall's office in Crosby for the purpose of forming an auto club for this section of the county and to help improve the near by roads. The call for a meeting was signed by Judge J. T. Hale.

Peter Brandt is having gravel hauled preparatory to commencing work on numerous cement walks.

Charles Oberg will take an auto trip to St. Paul Saturday.

Chief Engineer W. L. Darling, of St. Paul, was in Deerwood this week. Carl Guelker will open an ice cream parlor in the Nygard store building on Saturday.

Mr. and Mrs. Carl E. Carlson, Mr. and Mrs. Charles Peterson, Mr. and Mrs. John Oberg, Mr. and Mrs. Albert Olson, Gust Oberg, Gust Franson, Gust Almquist, Victor Wickstrom, Henry Olson and Mrs. Lee, all of Deerwood, were members of a party which visited Orelund on Sunday, the trip being made in carriages and automobiles.

A dance will be given in Hilyar's hall on Saturday evening, May 11, and the committee which made such a success with its flower dance last time, is thinking up something new and original for this occasion.

F. L. Pitt is building a handsome cottage a block from Serpent lake. A pretty fire place is being built.

Work has commenced on a block of cement walk on the road leading to the boat dock of the Ingalls Motor Boat Company.

The Augsburg society of the Scandinavian Lutheran church will give a basket social this Friday evening at the old school house.

M. D. Stoner can sign more residences to his name than any other man in the country. Hotel registers show his residence as Deerwood, Sylvan, Blackduck, Bemidji, Brainerd, and just plain dam, meaning the big dam the power company is erecting on the Gull river.

Judge W. D. Edson, of Duluth, visited his son Frank Edson this week. Deerwood is assuming a more prosperous appearance every day. \$3,000 was raised by a bond issue for the laying of cement walks. There is \$2,000 in the treasury and the saloon license money amounted to \$3,000.

Richard H. Fort manufactures three brands of cigars in Deerwood and is working up quite a trade on the Cuyuna range. His shop is near Hilyar's hall.
Rev. Father Quillien was at Brainerd Wednesday.

SOCIAL EVENTS

A party of about thirty in number, young and old people, gave a birthday party at the home of Mr. and Mrs. Henry Temple about one and one-half miles west of Brainerd, in honor of their two daughters, Miss Mattie and Miss Grace Temple, it being a double birthday celebration. They received many useful presents and the evening was spent in playing "500" and other games. A dainty luncheon was served and all spent a most enjoyable evening.

Northern Pacific Buys Some Wooden Ones From the Duluth, Missabe & Northern

MOST OF THEM LOADED HERE

Reported That the Northern Pacific Will Handle 25,000 Tons From Vicinity of Brainerd

A special dispatch to the Duluth Herald from Hibbing states that four representatives of the Northern Pacific railroad spent several hours at Mitchell looking over the wooden ore cars offered for sale by the Duluth, Missabe & Northern railway.

Negotiations were conducted for the purchase of less than 100. The Missabe road is offering about 1,100 cars for sale and is replacing all its wooden cars with new steel cars of the latest and best model.

The cars bought by the Northern Pacific go to the Cuyuna range, where they will be used in the transportation of ore over the Northern Pacific to the head of the lakes. Most of them will be loaded at Brainerd.

It is announced that the Northern Pacific will this year handle about 25,000 tons of ore from the Cuyuna, most of which will be loaded in the vicinity of Brainerd, while the Soo Line will handle about 250,000 tons, the bulk of which will be loaded at Crosby and Ironton.

OPENING GAME OF SEASON

Crosby Plays Brainerd Here on Sunday—Umpires Assigned for the Games

As Crosby has taken over all the dates of Staples, the first game of the season of the Central Minnesota Baseball association in Brainerd will be played this Sunday afternoon, May 5, at the Koering grounds. Crosby has not had much chance to form its team, but it will do the best it can in the playing line.

Umpires have been selected for the three games to be played by the association Sunday. At the St. Cloud-Benton county game in St. Cloud, Empire Roderick, of Brainerd, will officiate. At the Little Falls-Royalton game to be played at Little Falls, Empire George Bouton, of St. Cloud, will officiate. Gatchell, of Little Falls, will be the umpire in Brainerd at the Brainerd-Crosby game.

As will be noticed an umpire never works in a game in which his home town is to bat. Crosby has selected Art Lovdahl, a brother of the drugist, as scorekeeper.

J. F. DeGROAT DIES SUDDENLY

Special by Phone to Dispatch: Crosby, Minn., May 2—While in Crosby Wednesday, Francis DeGroat, a prominent attorney of Duluth who has attended to much legal work for the townsite company and range matters, received a telegram notifying him of the sudden death of his father, J. F. DeGroat, aged 75, at his home in Nichols, New York. Attorney DeGroat cancelled all his engagements and left on the midnight train for New York. The deceased was well known in Minneapolis, where he lived in 1857.

MISSOULA WINS TWO MORE

Bunching of Hits Gives Them 5th Game—Also Win 6th and 7th Games From Butte

Zamlock pitched for Missoula Saturday, April 27, giving Bush a rest. The Missoulians won the fifth game by bunching their hits, the score being 6 to 3. Last season Butte won seven straight from Missoula on the Missoula grounds and this 1912 string of victories is very pleasing to Bush's team mates. The Daily Missoulian published a picture of the crowd at Campbell park on the opening day of the baseball season. Every seat is taken and the big bleachers are jammed with fans. One solid page and sometimes a page and a half are devoted to baseball dope in the Daily Missoulian.

Sunday, April 28, Missoula played a double header with Butte and won both games, the first by a score of 7 to 6 and the second by 10 to 5. Collins, Lyall and Bromley pitched the first and quick the second game. Bush is being held in reserve.

Among the notes of the games is the following: "My word, they grow good ball players out in California. Write out the names of your Native-Son favorites and send them to Jim Froman. Tip off your Brainerd, Minn., favorites to Hughie Campbell. He just hates Bush."

"Manager Blankenship has released Hartman and Lyall. Hartman is a mighty valuable man and his timely hit saved the first game Sunday, but the phenomenal showing of Blankenship's other outfielders made his place impossible. Undoubtedly, there are plenty of good jobs for Hartman. Lyall is a good pitcher; it's simply the case that Blankenship had to cut down his complement of artillery. Lyall was at once snapped up by Manager McCafferty and will accompany the Butte team to Butte."

N. P. AND M. & I. FARM SPECIAL

N. P. and M. & I. Co-operating With State Agricultural College, Will Run Special Train

WILL VISIT BRAINERD ON TOUR

Experts From Farm College Will Give Lectures and Farm Problems Will be Discussed

The Northern Pacific and Minnesota & International railway companies in co-operation with the State Agricultural college, will run an agricultural special on the Lake Superior division from Duluth to Staples beginning Monday, May 27. Stops will be made at various points along the line and it is expected an afternoon will be spent in Brainerd.

From Brainerd the train goes to Little Falls and thence back to Brainerd. From this town the train goes north on the Minnesota & International railway to International Falls. The trip will occupy two weeks.

Several experts from the farm college will give lectures and farm problems will be discussed. Dairy cows, pigs and poultry, showing breeds adapted to different uses, will be carried and demonstrations will be given at each station. Dairy utensils, tools for barn, garden and field, farm machinery, barn and poultry devices and samples of seed also will be exhibited.

Farmers' wives and boys and girls especially are urged to visit the train. The train will make stops at the more important stations of from one and one-half to four hours each. The train will be made up of cars of live stock, baggage cars for farm machinery, passenger coaches for lectures and a business car.

W. H. Gemmell, the general manager of the Minnesota & International railway who is much interested in the success of this joint agricultural special to be run on the Northern Pacific and Minnesota & International roads, accompanied D. D. Tenney and D. E. Willard to Kelliher last Saturday and some time was spent in looking over the soil of Kelliher and its vicinity. Professor Willard is the soil expert of the Northern Pacific railway. He expressed himself as being gratified at the large number of farms which have been made out of the cut-over lands, since his last visit.

It will be the endeavor of those in charge of the train to show the farmers that it is to their advantage to use good seed even though it cost more primarily. All interested in good farming are cordially invited to visit the train and hear the lectures. The complete running schedule of the farm special will be given later.

MUSIC AND DRAMA

There was a well pleased audience at the New Theatre last evening when that familiar story of E. P. Roe's entitled "Barriers Burned Away," with the great Chicago fire as the foundation for the story. The story is well known to practically all readers of fiction, and the dramatist left out none of the essential points in the construction of the play. The cast was an exceptionally good one. In fact there was not a poor character in the entire company. The attention of the audience was held from start to finish. The play is admirably staged with special scenery and the Theatre goes of any town which the company may visit will make a mistake if they do not witness the performance.—Sioux Falls (South Dakota) Daily Argus-Leader, Feb. 19th, 1912.

The same company will appear at the Brainerd opera house Sunday, May 5th.

Lulu Glaser's Pacific Coast Tour

"Miss Dudlesack", the new Viennese operetta in which Lulu Glaser comes to the Brainerd opera house, Friday, May 10, is said to be replete with tuneful music of the kind that has made those other Viennese operas, "The Merry Widow" and "The Chocolate Soldier" and "The Spring Maid" famous. A few of the song hits that are likely to be whistled and hummed all over town are: "Oh You, You Darling," "Ride Ride Captain, Ride," "Pluck Not the Rose," "We Are the Macks" and "They Call Me Dudlesack." Miss Glaser is surrounded by a company of twenty principals, a chorus of trained voices and a special orchestra. Important roles are in the hands of Thomas Richards, Arthur Hyde, Posetta Nier, Berenice Whittier and others. This will be the first time Miss Glaser has visited the coast in six seasons.

LODGE DONATES \$15

Master Workman of A. O. U. W. Lodge Congratulates Nurse on Her Successful Work

That the work of Miss Edith Bohke, the visiting nurse, meets with favor in all parts of the city and is endorsed by all classes of people is further evidenced by the letter following:

Brainerd, Minn., April 26, 1912.
Miss Edith Bohke,
Visiting Nurse,
Brainerd, Minn.
Dear Madam:

The work you have been doing in our city for some time past in caring for the sick and helping to take care of the poor, being brought to our attention, this lodge appreciating your good services and being interested in charitable work, voted at our last regular meeting to donate a small amount to help in furthering this good cause.

On behalf of the A. O. U. W. lodge, I take pleasure in enclosing an order for \$15 which I hope will help you in caring for the suffering and poor in our community.

Wishing you much success in your great work, I remain
Yours respectfully,
A. J. ELLISON,
Master Workman.

SCHOOL ELECTION AT DEERWOOD

Plan For an Independent District Fails to Carry at Monday's Election

85 VOTES FOR AND 132 AGAINST

Auto Owners of the District to Form a Club to Improve the Near By Roads

Deerwood, Minn., May 2—The plans to form an independent school district of the common school district at Deerwood failed of passage at the Monday night election, being defeated by a vote of 132 to 85. Other issues were injected into the controversy. Many women voted and for some time the results were in doubt. Early in the contest it looked as though the independent school district idea would be carried by a large majority.

A meeting of the auto owners of Deerwood and its vicinity will be held in the near future at Dr. R. J. Sewall's office in Crosby for the purpose of forming an auto club for this section of the county and to help improve the near by roads. The call for a meeting was signed by Judge J. T. Hale.

Peter Brandt is having gravel hauled preparatory to commencing work on numerous cement walks.

Charles Oberg will take an auto trip to St. Paul Saturday.

Chief Engineer W. L. Darling, of St. Paul, was in Deerwood this week. Carl Guelker will open an ice cream parlor in the Nygard store building on Saturday.

Mr. and Mrs. Carl E. Carlson, Mr. and Mrs. Charles Peterson, Mr. and Mrs. John Oberg, Mr. and Mrs. Albert Olson, Gust Oberg, Gust Franson, Gust Almquist, Victor Wickstrom, Henry Olson and Mrs. Lee, all of Deerwood, were members of a party which visited Oreland on Sunday, the trip being made in carriages and automobiles.

A dance will be given in Hilyar's hall on Saturday evening, May 11, and the committee which made such a success with its flower dance last time, is thinking up something new and original for this occasion.

F. L. Pitt is building a handsome cottage a block from Serpent lake. A pretty fire place is being built.

Work has commenced on a block of cement walk on the road leading to the boat dock of the Ingalls Motor Boat Company.

The Augsburg society of the Scandinavian Lutheran church will give a basket social this Friday evening at the old school house.

M. D. Stoner can sign more residences to his name than any other man in the country. Hotel registers show his residence as Deerwood, Sylvan, Blackduck, Bemidji, Brainerd, and just plain dam, meaning the big dam the power company is erecting on the Gull river.

Judge W. D. Edson, of Duluth, visited his son Frank Edson this week. Deerwood is assuming a more prosperous appearance every day. \$3,000 was raised by a bond issue for the laying of cement walks. There is \$2,000 in the treasury and the saloon license money amounted to \$3,000.

Richard H. Fort manufactures three brands of cigars in Deerwood and is working up quite a trade on the Cuyuna range. His shop is near Hilyar's hall.

Rev. Father Quillien was at Brainerd Wednesday.

SOCIAL EVENTS

A party of about thirty in number, young and old people, gave a birthday party at the home of Mr. and Mrs. Henry Temple about one and one-half miles west of Brainerd, in honor of their two daughters, Miss Mattie and Miss Grace Temple, it being a double birthday celebration. They received many useful presents and the evening was spent in playing "500" and other games. A dainty luncheon was served and all spent a most enjoyable evening.

New Auditorium

Professor Calvin has taken a lease on the Brainerd auditorium (formerly Gardner hall) and has had a new floor laid which is now the finest dance floor in the northwest.

Professor Calvin will give his dancing lessons in Koop's hall until the auditorium is ready next week when the class will move to the new quarters. Prof. Calvin has a system of his own whereby he teaches a beginner to dance gracefully and well in six hours. He taught 203 pupils in St. Cloud the first eight days he was there.

The opening dance at the auditorium will be held next Thursday, May 9th. Graham's orchestra will furnish the music. The invitations will be sent about Monday as the professor is getting the invitation list ready. The hall will be a dream-land with colored lights, etc. Calvin's mirror floor wax will be used exclusively on this floor thereby assuring the dancers of the finest floor and no dust.

Escapes an Awful Fate

A thousand tongues could not express the gratitude of Mrs. J. E. Cox, of Joliet, Ill., for her wonderful deliverance from an awful fate. "Typhoid pneumonia had left me with a dreadful cough," she writes. Sometimes I had such awful coughing spells I thought I would die. I could get no help from doctor's treatment or other medicines until I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for I scarcely cough at all now." A LITTLE DANDERINE WILL MAKE YOUR HAIR LUSTROUS, SOFT, FLUFFY, ABUNDANT

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

If you Wish to Double the Beauty of your Hair in Ten Minutes surely Try a Danderine Hair Cleanse

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits particularly those who have been careless, whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Try as you will, after one application of Danderine you cannot find any dandruff or a loose or falling hair, and your scalp will never itch, but what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair sprouting all over the scalp. Danderine makes the hair grow long, heavy and luxuriant and we can prove it. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Danderine from any druggist or toilet counter, and just try it.

FOR THE PANAMA FAIR.

Commission Appointed to Visit European Capitals in Its Interest.

John Hays Hammond, Rear Admiral Sidney Staunton, U. S. N., and Brigadier General Clarence R. Edwards, U. S. A., together with R. B. Hale, vice president of the Panama Exposition, and W. T. Seson, vice president of the San Francisco chamber of commerce, have been appointed a commission to visit European capitals in the interest of the Panama-Pacific exposition. The selection of Rear Admiral Staunton and Brigadier General Edwards was made by President Taft.

The commission will visit London, Paris, Berlin, St. Petersburg, Madrid, Constantinople and Rome. Rear Admiral Staunton will endeavor to interest European nations in sending naval vessels for the celebration, and Brigadier General Edwards will give particular attention to urging foreigners to participate in the military contests and to send military representatives.

LORD MERSEY LONG A JUDGE.

Served Thirteen Years on the King's Bench Prior to 1910.

Sir John Charles Bigham, Lord Mersey, who is to head the court of inquiry on the Titanic disaster, was created Baron Mersey in 1910. He was born Aug. 3, 1840, the son of John Bigham, a merchant of Liverpool. He was educated at the Liverpool Institute, later studying in Berlin and Paris.

Admitted to the bar in 1870, he became a bencher of the Middle Temple in 1886. From 1895 to 1897 he served in parliament as a Unionist from Liverpool. He was a member of the South African committee of the house of commons just previous to his being made a judge.

He was first a judge of the king's bench division of the high court of justice, serving twelve years, until 1909. Then he became president of the probate divorce and admiralty division of the high court, serving one year. He was knighted when the judgeship was conferred upon him.

Guides In Japan.

Once a person has visited Japan and engaged the services of a Japanese guide he exists forever in the good book and graces of the guide. Always at Christmas and frequently two or three other times during the year he receives some little gift. Japan is the only country in the world where the government takes sufficient interest in the tourists to take under its supervision the guide fraternity. So strict is the regulation that it is a rare thing for any guide to receive an unfavorable report.—Chicago Tribune.

"Only once," answered Mr. Meekton. "Henrietta heard it and said it was very unkind and unjust to blame her in that manner."—Exchange.

BARROWS

The new mining town on the Cuyuna range, offers splendid opportunities for investment and for the establishment of business in various lines. This town is located in the richest part of the range, adjoining the Barrows mine, which will ship ore this season, and where a large force of men is now employed in putting down the third shaft, two being already completed. A number of other mines adjacent to the towns will be opened up, making Barrows one of the greatest mining centers on the range. Streets are graded, cement sidewalks in, and buildings are going up rapidly. Lots are now offered at from \$150 to \$400 on the partial payment plan. Buy now while you can buy at the first offered price; get located in a live new town and prosper with the development of the country.

A few years ago lots that were sold in Hibbing, Virginia and Chisholm at the prices we are now asking are worth today several thousand dollars. For further information apply to

A LITTLE DANDERINE WILL MAKE YOUR HAIR LUSTROUS, SOFT, FLUFFY, ABUNDANT

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

If you Wish to Double the Beauty of your Hair in Ten Minutes surely Try a Danderine Hair Cleanse

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits particularly those who have been careless, whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Try as you will, after one application of Danderine you cannot find any dandruff or a loose or falling hair, and your scalp will never itch, but what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair sprouting all over the scalp. Danderine makes the hair grow long, heavy and lustrous and we can prove it. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

FOR THE PANAMA FAIR.

Commission Appointed to Visit European Capitals in Its Interest.

John Hays Hammond, Rear Admiral Sidney Staunton, U. S. N., and Brigadier General Clarence R. Edwards, U. S. A., together with R. B. Hale, vice president of the Panama exposition, and W. T. Sesnon, vice president of the San Francisco chamber of commerce, have been appointed a commission to visit European capitals in the interest of the Panama-Pacific exposition. The selection of Rear Admiral Staunton and Brigadier General Edwards was made by President Taft.

The commission will visit London, Paris, Berlin, St. Petersburg, Madrid, Constantinople and Rome. Rear Admiral Staunton will endeavor to interest European nations in sending naval vessels for the celebration, and Brigadier General Edwards will give particular attention to urging foreigners to participate in the military contests and to send military representatives.

LORD MERSEY LONG A JUDGE.

Served Thirteen Years on the King's Bench Prior to 1910.

Sir John Charles Bigham, Lord Mersey, who is to head the court of inquiry on the Titanic disaster, was created Baron Mersey in 1910. He was born Aug. 3, 1840, the son of John Bigham, a merchant of Liverpool. He was educated at the Liverpool Institute, later studying in Berlin and Paris.

Admitted to the bar in 1870, he became a bencher of the Middle Temple in 1886. From 1895 to 1897 he served in parliament as a Unionist from Liverpool. He was a member of the South African committee of the house of commons just previous to his being made a judge.

He was first a judge of the king's bench division of the high court of justice, serving twelve years, until 1900. Then he became president of the probate divorce and admiralty division of the high court, serving one year. He was knighted when the judgeship was conferred upon him.

Guides In Japan.

Once a person has visited Japan and engaged the services of a Japanese guide he exists forever in the good book and graces of the guide. Always at Christmas and frequently two or three other times during the year he receives some little gift. Japan is the only country in the world where the government takes sufficient interest in tourists to take under its supervision the guide fraternity. So strict is the regulation that it is a rare thing for any guide to receive an unfavorable report.—Chicago Tribune.

Himself to Blame.

"Didn't you once say that your wife was the making of you?"
"Only once," answered Mr. Meekton. "Henrietta heard it and said it was very unkind and unjust to blame her in that manner."—Exchange.

BARROWS

The new mining town on the Cuyuna range, offers splendid opportunities for investment and for the establishment of business in various lines. This town is located in the richest part of the range, adjoining the Barrows mine, which will ship ore this season, and where a large force of men is now employed in putting down the third shaft, two being already completed. A number of other mines adjacent to the townsite will be opened up, making Barrows one of the greatest mining centers on the range. Streets are graded, cement sidewalks in, and buildings are going up rapidly. Lots are now offered at from \$150 to \$400 on the partial payment plan. Buy now while you can buy at the first offered price; get located in a live new town and prosper with the development of the country.
